You Can't Attract Friends When You're Feeling Dull and Despondent

Popularity Goes to the Red-Blooded

Pepto-Mangan Brings Vigor, Health and Happiness to Anemic Persons

When you're feeling your best—when you're brimming with happiness, "pop" and enthusiasm—people just can't help being drawn to you. You're a favorite wherever you go. But when you're constantly tired and dull—when everything is too much trouble—when you're bored with yourself—it's natural that you affect your acquaintances likewise. If you're not feeling up to par, you're not. If you're not sick exactly, but are just run down, what you need is a good tonic. The food you eat is not becoming energy-making, red blood. Everyone gets run-down occasionally. But it's not necessary and it's really dangerous to let this condition hang on. A bottle of Pepto-Mangan, the famous "red blood builder" would supply the iron and other properties your blood now lacks—would bring back your old-time energy and enthusiasm—would put color in your cheeks and spring in your step. Pepto-Mangan is agreeable and convenient to take, and endorsed by physicians everywhere. Can be had in either liquid or tablet form. There's no difference in their effectiveness. Ask your druggist for Pepto-Mangan and be sure it's "Gude's"—the name "Gude's" should be on the package.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Brisk Purgative With Calomel, the Purified and Refined Calomel Tablets That Are Nauseous, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment of the new, nauseous calomel tablet called Calomel, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way toward preventing influenza and one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia. On Calomel on the tongue at bed time, with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calomel only in original sealed packages, priced at five cents. Your money will be cheerfully refunded if you do not find them delightful.
